

Village of Baldwin

Preface

This document is a compilation of the General Ordinances of the Village of Baldwin. The Zoning Ordinance is codified separately.

Source materials used in preparation of the Code were the original Code adopted in effect 1986, as supplemented through December 31, 2024. Where available, the source of each section will be included in the history note appearing in parentheses at the beginning of the section.

To the greatest extent possible, the exact wording of the ordinances has been preserved. Editorial changes are minor, limited primarily to corrections of typographical, grammatical or punctuation errors

Title and Numbering System

This Code is organized by Title, Chapter and Section. Titles are identified with Roman numerals, Chapters are Arabic numbers and Sections follow the decimal point. Citations to the Code should include the Title, Chapter and Section.

Index

An alphabetical index at the end of the Code permits easy location of ordinances by subject. Main entries are in all uppercase letters. Cross references and additional entries are provided to direct the user to a particular topic.

Looseleaf Supplements

An ordinance compilation is constantly evolving. This compilation is designed to be complete as of December 31, 2024 with a looseleaf system for updating. Any new ordinances adopted after that date will be added to the Code Annual Supplement Section. On January 1 of each year, any ordinances adopted in the previous year will be incorporated into the general compilation, the appropriate pages will be revised with specific instructions for the manner of removing obsolete pages and inserting the current ordinances. Through regular supplementation, the compilation will continue to remain up to date and useful.
